Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on 7th February 2017.

You Asked for:

Please could you answer this for every CCG you cover.

1. Is your CCG responsible for commissioning primary care?
2. If yes, under the freedom of information act, can you provide details for the tables below from the date the CCG took responsibility for commissioning primary care to the most recent date that figures are available:

The name of each GP practice in your region that has closed and had its patient list dispersed?	The list size of each practice?	The date of closure?	How many of these practices had approached the area team for advice or support on practice closures or mergers?	What support, if any, was offered?

The name of each practice branch that has closed as a result of mergers?	The list size of the practice branch that closed as a result of mergers ?	The date of closure?	How many of these practices had approached the area team for advice or support on practice closures or mergers?	What support, if any, was offered?

Our Response:

NHS Wirral Clinical Commissioning Group is not currently responsible for commissioning primary care services, we are a Level 2 co-commissioning organisation.
