Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on 18th January 2016.

You Asked for:

We would be grateful if you could provide us with the following information regarding the treatment services of adult onset posttraumatic stress disorder (PTSD) as provided within your clinical commissioning group.

- The staffing dedicated to PTSD i.e. how many staff from how many different professional disciplines are working in service
- In the 12 month period leading up to receiving this request, the total number of referrals made within your CCG for PTSD treatment, the total number accepted for treatment and the number that completed eight or more treatment sessions, and a breakdown of accepted referrals in terms of age, ethnicity and gender.
- The models of psychological intervention and the levels provided for PTSD treatment.
- The type of formal social support provided to patients suffering PTSD and/or their families.
- An indication of any outreach work being carried out with populations who are underrepresented in accessing mental health services but are likely to be exposed to considerable psychological trauma e.g. homeless persons.

Our Response:

Unfortunately NHS Wirral Clinical Commissioning Group does not hold this information; I would suggest that you contact Inclusion Matters directly;
