Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on 15th December 2016.

You asked for information on CHC Spend and Activity:

We are trying to collate benchmarking data on CHC spend and activity.

As a CCG we received an FOI request in September 2016 from a company called Laing & Buisson; we understand was sent to all CCGs nationally.

I'd be extremely grateful if you could supply a copy of your FOI response so that we can try and attempt to benchmark our own CHC activity & spend

Our Response:

All FOI responses are published on the NHS Wirral Clinical Commissioning Group (CCG) website and please find a link below to the relevant section:

<https://www.wirralccg.nhs.uk/About%20Us/foi-responses.htm>

However, NHS Wirral CCG did not receive a request from Laing and Buisson and therefore are unable to provide this information.

Re- Use of Information

Most of the information that we provide in response to Freedom of Information Act 2000 requests will be subject to copyright protection. In most cases the copyright will be owned by Wirral Clinical Commissioning Group. The copyright in other information may be owned by another person or organisation, as indicated on the information itself.

You are free to use any information supplied for your own non-commercial research or private study purposes. The information may also be used for any other purpose allowed by a limitation or exception in copyright law, such as news reporting. However, any other type of re-use, for example by publishing the information in analogue or digital form, including on the internet, will require the permission of the copyright owner.

For information where the copyright is owned by Wirral Clinical Commissioning Group please e-mail foirequests.nhswirralccg@nhs.net to request a reuse licence.

For information where the copyright is owned by another person or organisation you must apply to the copyright owner to obtain their permission.
