## Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on Wednesday 21<sup>st</sup> January 2015.

### You Asked for:

Request information concerning any IT server, storage and maintenance support contracts (including any care packs) which you may hold, and request details of the following components of these contracts:

- Existing supplier - if there are various suppliers please split up into individual contracts
- Hardware/vendors brand
- Contract description

### **Wirral Clinical Commissioning Group sits with an infrastructure that is not owned by the CCG.**

- Total value of the contract - please state if you have provided an annual figure
- Duration of the contract - please provide me with a particular month as well as the year and details of whether there are any extension periods or break clauses within the contracts
- Expiry date of the contract - please provide me with a particular month as well as the year
- Contract review date - please provide me with a particular month as well as the year.
- Internal contact responsible for reviewing and renewing contracts - please provide me with their full name, job title, direct contact number and direct email address.

**In regards to questions 4 – 8, NHS Wirral CCG does not own any of the devices listed and therefore there are no hardware maintenance contracts in place directly. All maintenance contracts are held directly by Cheshire and Merseyside CSU and provided via a service contract to each of the CCGs. Therefore, we would suggest you redirect your enquiry to NHS England via the following link:**

I hope this sufficiently answers your FOI enquiry however if you require any further information please do not hesitate to contact a member of the FOI team (contact details at the top of this letter).
