Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on 28.01.2015.

You Asked for:

A list of the CCG's clinical priorities for 2015

A list of the Clinical Leads & Commissioning Managers lead for each priority

Our Response:

The CCG's clinical priorities are linked to the Vision 2018 transformation programme.

The programme has 3 main workstreams – Unplanned Care, Planned Care and Long-term Conditions & Complex Needs. The Commissioning Manager leading these areas from a transformation perspective is Sheena Hennell.

The CCG is currently in the process of appointing new clinical leads in the areas Unplanned Care, Planned Care, Primary Care and Long Term Conditions. These posts will be GPs who will work closely with the Commissioning Manager and her team to ensure that priorities have appropriate clinical leadership and engagement.

The organisation is taking a Value Stream Analysis approach to support the transformation programme and the clinical areas of focus for 2015 are respiratory, musculoskeletal and cardiology.

I hope this sufficiently answers your FOI enquiry however if you require any further information please do not hesitate to contact a member of the FOI team (contact details at the top of this letter).

Re- Use of Information
