Re: Freedom of Information Request

Thank you for your request for information made under the Freedom of Information Act 2000 which was received into this office on the 25th January 2019.

You Asked for:

Plans for expenditure on services for disabled children and their families from 2019-2020. Could you please let me know whether the CCG plans to:

- a) Increase expenditure in real terms
- b) Maintain current levels of expenditure in real terms
- c) Maintain current levels of expenditure in cash terms
- d) Make cash reductions to current levels of expenditure

Could you also please let me know whether these plans have been finalised; or are currently still proposals (and if the latter, whether they are subject to public consultation)?

Finally, could you please send me copies of (or links to) to any Board or Committee papers with respect to plans for social care for disabled children and their families; and details of any public consultations on such plans.

Our Response:

NHS Wirral Clinical Commissioning Group (CCG) are currently producing draft planning submissions.

In relation to Children's learning disability and physical disability commissioned out of hospital health needs, we are anticipating an increase in expenditure.

In respect of committee papers for Social Care, Wirral Local Authority will be best placed to advise on there are no papers to share for NHS Wirral CCG all figures are in draft format.
