

**Wirral**  
Clinical Commissioning Group

# What we did in 2019 to 2020

## Easy Read

**This report tells you:**  
What we do  
What we did well from 2019 to 2020  
Our plans for the future

# Who we are

We are called NHS Wirral CCG.

This stands for Clinical Commissioning Group.

We plan and buy your health care services in Wirral

We work with

- Doctors
- Hospitals
- Chemists
- other people who work in health and social care

We work together to make sure you get good health care in Wirral

We cover a big area with more than 337,000 people.

# What we want to do

We want people who live in Wirral to live longer and healthier lives

If you do need to go to hospital we want your care to be great every time.

We want to make your health better by

- Helping you make better care choices
- Giving you care closer to where you live
- Making sure you get the right care

# Health in Wirral

We are helping people make good health choices like:

- Not smoking

- Keeping fit

- Eating healthy foods

- Not drinking too much alcohol

People in Wirral are getting older.  
This can bring challenges

# More about health in Wirral

There are many people in Wirral that suffer from:

- Dementia

Dementia is an illness in the brain  
It can make people confused and forget things.

Most people who get dementia are over 65

- Breathing problems

- High blood pressure

# What we spent

We had £565.902 million to spend on health care services

We spent £579.849 million.  
This means we have overspent by £13,947.00 million.

We did not hit our target this year to save money.

Most of the money we spent over 2019/2020 was on hospital care

# Highlights from 2019/2020

We are working with community groups to support people with Mental Health needs. Our Talking Therapy service can help people who are worried or depressed.

We are supporting more people with Learning Difficulties to live in their own homes, not hospitals.

We are giving more support to pregnant women to help them to stop smoking.

# Highlights from 2019/2020

We are teaching patients with diabetes how to look after themselves better. Diabetes is where there is too much or too little sugar in your blood

We help people with heart problems access care services closer to their home.

# What we want to do in the future

We want to work together better to  
make health care the best it can be
