

**Your Request:**

**If I may, I was hoping to request information regarding ARRS (additional roles and reimbursement scheme) funding - ideally in relation to the Primary Care Networks (PCN) and their ODS code if available.**

**I believe there is a central primary care workforce portal whereby this data can be extracted from with either monthly or end of year figures? Additional Roles Expenditure, for each PCN within the ICB, for the financial year 2021/22 and the current year 2022/23 up to the last month.**

**Our Response:**

Please find listed below the information held for the former CCG areas that now make up NHS Cheshire & Merseyside ICB in relation to the ARRS budget allocations/expenditure to the corresponding PCNs during the last 2021/22 financial year and the current 2022/23 financial year to date (YTD).
